

UNDERFEED

The Furnace with all the
FIRE ON TOP

THE Peck-Williamson Underfeed Furnace has solved the problem of getting clean, even heat out of cheap slack. There's no smoke or dirt with an Underfeed and you'll save 1/2 to 3/4 on Coal Bills.

This illustration shows furnace without casing, cut away to show how coal is forced up under fire.

We'd like a chance to SHOW you this Furnace Wonder.

WHERE CYCLONE HIT

Weed, N. M., July 2.—Manager Woods, of the Alamogordo Lumber company, has visited the scene of the recent cyclone to see if it would be advisable to put in a sawmill to save the timber blown down.

No special celebration of the Fourth will be held at Weed this year. Those who care to be patriotic will either visit Alamogordo or some neighboring town.

Professor Reukauf has been called to Hope by the illness of his wife and has closed our Elk Horn school.

Miss Willie Kimmons was married to Howard Cove. The bride is well known at Weed, as she has visited with her sister, Mrs. Ernest Sanders.

The continued heavy rains have put the roads in an almost impassable condition, especially between Weed and the Summit up the Agua Chiquita canyon.

San Simon, Ariz. In the great arroyo belt, will celebrate the Fourth of July in grand style. Reduced rates on all railroads. Now is your chance to see the big flowing wells.—Advertisement.

GUAYMAS NOT
IN REBELS HANDS

(Continued From Page One.)

FALSE REPORTS OF
A REBEL VICTORYStatement of Rebel Gov. Pascual that
Guaymas Had Fallen Proves Un-
true—Fighting Continues.

Nogales, Ariz., July 2.—Although claiming to have taken the town on Monday, the rebels now admit that the attack on Guaymas continued yesterday. Messages from station a few miles to the north said that heavy firing could be heard. Two federal gunboats were reported to have been in Guaymas harbor Monday, but their fire was not heard Tuesday.

This contradicts former reports from insurgent sources that Gen. Obregon's troops had taken Guaymas. It is also admitted now that the remnants of Gen. Ojeda's column had succeeded in entering Guaymas. It was asserted, however, that the rebel forces were assembling all available artillery, including that captured from Ojeda, and planning a heavy bombardment.

Federals Hold Guaymas. Mexico City, July 2.—That Guaymas has been taken as reported by the Sonora state insurgents, is denied at the federal government offices here. Telegrams from Gen. Ojeda, commanding the federals at Guaymas, are exhibited at the president's office, saying he succeeded in repulsing the attack of the rebels after three days' fighting.

DISPATCH SAYS OJEDA
HAS WHIPPED REBELS

Gen. Pedro Ojeda, with his force in Guaymas, supported by the Mexican gunboat Tampico, has defeated the rebels. This telegram under date of July 2, was received by M. E. Diebold, inspector of Mexican consulates, with headquarters in El Paso, from the department at Mexico City, Wednesday morning. No further details of the reported defeat of the rebels has been received.

MEDINA'S MEN ARE
GROWING DISCOURAGED

A letter was received in El Paso Wednesday from one of Juan Medina's officers saying the entire command was discouraged as there seemed to be no hope of attacking Juarez before July 15, and that the men were tired of living on half rations and marching in the sun without being a chance to fight.

JUNTA OF THE REBELS
ONLY HAS FAVORABLE NEWS

A headquarters for information are being maintained by the rebels on the second floor of the Mills building. The sign on the door of the junta says that the office is a general one for information and that the office hours are from 10 to 12 and from 4 to 6, but the only information which the occupants of the office have is of a negative character and consists principally in denials of everything unfavorable to Villa and affirmation of everything which is favoring the big leader of the revolutionaries cause. Juan Amorin, a Mexican lawyer, who is in the junta office a greater part of the time and does most of the talking for the members.

JUAREZ READY
FOR THE REBELS

(Continued From Page 1.)

responsible for their recall to the barracks.

Wireless Reports Received. Wireless messages from the American patrol at Clint, Texas, to the headquarters at Fort Bliss report that Guadalupe was taken by a force of rebels Wednesday morning.

Another wireless message from Columbus, N. M., Wednesday morning, reports that Villa's men who were there have retired toward Asencion, which is about 60 miles distant.

Moving Over to El Paso. Fifty manifests were issued during the afternoon and night Tuesday by the American customs officers for permission to bring household goods to the American side of the river from Juarez. The Santa Fe bridge was cluttered with furniture, home goods, carriages and bedding of the foot passengers who were leaving the old town. There is just a shadow of doubt that the fifth exodus from Juarez, as the natives do not expect the battle to start for several days, but they are taking no chances and are coming over while the coming is good.

Villa's Troops Not Seen. Villa's troops have not been seen at Columbus or along the Southwestern railroad between Columbus and El Paso. This is believed to be because that Villa has drawn his forces back to La Asencion, his present base, and is preparing the general attack toward Juarez. Villa can take a short cut direct to Juarez and will have to cover less than 100 miles in the end, as compared to the 200 miles he has covered from Juarez, as the natives do not expect the battle to start for several days, but they are taking no chances and are coming over while the coming is good.

Alleged Woman Spy. An American woman, alleged to be a Huerta spy, was discovered in Medina's column at Agua Prieta at the time that Lieut. Ruiz was executed. Her name was given as Mrs. Meyer. She is said to have papers and she is said to be the wife of an American citizen. She was ordered to leave the column and was seen in El Paso. At one time he has been mayor of Juarez, but was deposed.

More Volunteers Being Received. More volunteers are being received by the local Red Cross chapter for first aid service in relieving the suffering of the wounded during the expected battle. Miss Vera Calhoun, a trained nurse, is the newest volunteer in the cause of humanity. C. E. Braden, secretary of the El Paso chapter, is receiving the applications for the volunteer first aid corps.

Telephone to Be Busy. Do not call "information" on your telephone in this city. There will be a battle in Juarez. General manager C. E. Stratton, of the Tri-State Telephone company, has ordered the closing of calls during such an emergency occasion as an heavy that it is impossible to answer. The company is what is happening in Juarez. An extra force will be put on the boards at the exchange to care for all calls over the wires, but no effort will be made to answer the information calls except for legitimate business of that department.

MEXICO ABANDONS
CONVENTION PLAN

Huerta Orders all School Boys Drilled in Preparation for Military Duty; Diaz Not to Leave.

Mexico City, Mex., July 2.—The plan to hold a convention at which the rebels would be represented as well as all the political parties has been abandoned on account of official antagonism and the general conviction that it would be a failure.

Eighty school boys were sent to jail last night for having taken part in a demonstration against the order of the militarization of public schools. President Huerta has ordered that school boys be drilled for the purpose of making them ready to take their places as soldiers if necessary. The demonstration had got no further than the noisy stage when the police closed on them and arrested those most actively engaged.

The report that Gen. Felix Diaz is planning to leave for Europe and that the rebels in letters to him have threatened to cut communication with Veracruz if he attempts to depart from this capital is without foundation in fact.

AMERICAN ARMY OFFICERS
WATCH FEDERALS AT DRILL

Formation drills were held at Juarez Wednesday morning by the Infantry battalion attached to the Juarez garrison. There were 500 of the federal soldiers participating in the drill, which was held on the common to the southwest of the town. The drill was watched by American army officers through field glasses and was said to have been a very creditable affair, as the soldiers drilled well and executed the maneuvers like veterans.

REBEL LEADERS GO TO
GUADALUPE FOR CONFERENCE

An automobile load of revolutionary leaders drove down to Fabens Wednesday morning, crossed to the island and held a conference with the rebel leaders who are now in possession of Guadalupe. One of the party was Aureliano Gomez. The others of the party were said to be members of the Mills building revolutionary junta.

HER HANDS AND ARMS MADE
MARVELOUSLY BEAUTIFUL
IN A SINGLE NIGHT

Free Prescription Did It

Camille de Verlac says: "Had any one told me such wonderful results could be accomplished so quickly, I positively would not have believed it. My arms and hands were covered with tan and freckles; my neck was dark and discolored and my face was covered with freckles. All these defects were obliterated by one application of a free water lotion, which I used as simple as give to anyone. It's just as simple as it is effective. Go to any drug store and get a one-ounce bottle of Kahl Compound. Pour the entire contents into a two-ounce bottle, add one quarter ounce of witch hazel and fill with water. Prepare this prescription at your own home. Apply night and morning. It makes the skin soft and beautiful, no matter how rough and red it may be. One application will delight you. I have given this prescription to thousands of women and they are all just as enthusiastic as I am. Try it on your face, neck and shoulders and you will be agreeably surprised. It is deliciously cool and soothing and is not affected by perspiration. It will not rub off."—Advertisement.

"PERFECTION POULTRY FOODS"

Are the cleanest and most scientifically prepared foods on the market. We buy only the best of grains for use in these foods and every bit of grain used is first run through a cleaner and every particle of dust and dirt removed.

A great many poultry foods are made by factories which manufacture other goods and they use the inferior grains and by-products for their poultry foods. These inferior grains do no possess the feeding value of the perfect grain, therefore, their products should not be put in the same class with "Perfection foods." If you wish to be convinced of the superiority of our mixture take a sample of "Perfection" and compare it with any other hen food on the market. Our foods are mixed from formulas given us by one of the most noted poultry experts in the country and also formulas furnished us by the U. S. Government, obtained by them through experimental work.

FOR SALE BY ALL GROCERS.

HON. LYMAN H. HAYS, of Willcox

REDUCED RATES ON ALL RAILROADS

You want to see the San Simon Valley and the big artesian wells. Come and celebrate with us. Automobiles and hacks on the grounds to take you out.

SPEND THE FOURTH AT SAN SIMON

SONORA GOVERNOR
INDICTED ON COAST

Ignacio L. Pesquera Is Named in Indictments Charging Violation of Neutrality Laws.

Los Angeles, Calif., July 2.—Ignacio L. Pesquera, rebel governor of the state of Sonora, was among those recently indicted by the federal grand jury in Los Angeles on the charge of having violated the neutrality laws by conspiring to smuggle an aeroplane across the border by Diller Masson, the French aviator, across the international line from Arizona into Mexico. This statement was made today by the United States district attorney's office. Nine other men, according to the statement, were indicted at the same time on the same charge, including Diller Masson, the aeroplane pilot who assisted the rebels in their recent warfare.

Neither Pesquera nor Masson has been arrested.

TERRAZAS RAISES
PRICE TO \$10,000

Wealthy Chihuahua Is Eager to Get to the American Border and Will Pay Well for Passage.

Gen. Luis Terrazas, the millionaire cattle owner of Chihuahua, has raised the ante to anyone who will get him out of Chihuahua and safely into Mexico. He is offering \$10,000 to the person who will volunteer to carry him away from Chihuahua, where the rebels are prepared to attack the city as soon as the town of Juarez is taken. Gen. Terrazas's home is said to be surrounded by spies, who are ready to report his movements on the Chihuahua road of his departure.

CHARGE WHIPPING CAUSES DEATH
OF BOY IN AN ORPHAN HOME

Fort Smith, Ark., July 2.—That the death of 18 months old Harry Hicks at the Arkansas Orphan home at Morrilton, Ark., who died last Saturday, was due to whipping, was a charge preferred by a woman who lives in the city. Dr. E. B. Dillard, superintendent of the home, was recently fined for beating the child, it being alleged he administered 25 lashes on his body.

NO MORE OPINIONS TO BE
GIVEN COUNTY OFFICIALS

Austin, Tex., July 2.—Hereafter the attorney general's department will not answer any more inquiries or make any more rulings for minor county officials, the law confining the activities of the department in that direction to answering questions propounded by state officials and members of the legislature, having become effective. This will reflect the department of nearly one-third of the routine work for which it has had to do for many years.

Remodeling
Sale

IN ORDER to properly accommodate our growing trade and make room for our large fall stock, we will enlarge our store to twice its present size. To make room for the carpenters we must clean out our entire stock of low shoes. To sell every pair in the next 15 days, we will sell at cost, and all odds and ends at far below cost. Remember we have no old stock—all new, clean, up-to-date shoes.

MILLS BUILDING

"Service to Policyholders"

Life insurance companies are divided into two classes. Some pay annual dividends to policyholders—others don't. Those which do not pay them may charge you a little less the first year; BUT—if anything is saved from what you pay, the company keeps it, and there's bound to be a margin of safety—be sure of that!

The Union Central, of Cincinnati, returns these savings to its policyholders in annual dividends. These dividends come from higher interest earnings on invested assets than other companies earn—lower mortality experience—and savings from expense of management. Whatever is saved is returned to you in dividends annually—thus reducing the cost. The company has no "catch penny" methods of selling insurance—such as giving watches, diamonds, automobiles, or other bonuses to its agents to get your business! However—it does sell life insurance at a lower net cost to the policyholder, and THAT should interest you.
